Proposition Up to Tamarack Coop Stockholders

Acting upon a suggestion made some time ago by the directors of the Lake Linden Co-operative association that that association be merged with the Tamarack Co-operative association of Calumet, the directors of the latter institution last evening inspected the Lake Linden store, as a preliminar; step towards action in that direction. Most of the directors were favorably impressed and the proposition will be submitted to the stockholders of the Tamarack Co-operative association at once. Proxies will be sent to each member and the result of the vote probably will be announced at the annual meeting of the Tamarack Cooperative association, which will be held on Saturday, Feb. 8.

The Lake Linden Co-operative asso years ago and is capitalized at \$32,000, he shares having a par value of \$16 ach. The Tamarack Co-operative association, which is one of the oldest institutions of its kind in Michigan, r capitalized at \$100,000. About \$32, is represented in treasury stock All of the stock has a par value of of Redridge, have returned to their \$10 per share. The Lake Linden Co-

If favorable action s taken on the proposed merger, the Tamarack association will take over the accets and liabilities of the Lake Linden store, and it will become a part of the Tamarack Co-operative

Because of the desirability of hav ng some stock in the treasury of such corporation, it may be deemed necessary to increase the capitalization of the Tamranck Co-operative or to buy in some of the stock already issued, in case the vote of the stockholders is favorable to the merger.

Abe Roberts, the present manager of the Tumarack Co-operative association, formerly managed the Lake Linden Co-operative store. Manager Dec Ormiers now has charge of the latter
